## MASS CONVENTION SEPT. 9

To Nominate Candidates for the County Officers.

The Republicans of Breathitt county are hereby called to meet in mass convention at the courthouse in the town of Jackson, on Saturday, September 9th, 1905, at one o'clock p. m. for the purpose of nominating candidates for the various county offices of Breathitt county to be voted for at the November election, 1905.

All Democrats, young men becoming of age before said election, and voters of other parties who do not affiliate with us on party lines, but who are in favor of a free ballot and a fair count, an honest and economical administration of county affairs, equal rights to all and exclusive privileges to none, a fair deal to every man, and a redemption of Breathitt county are hereby invited to attend and help select a ticket to be composed of the best men of the county without regard to partisan politics and who will best subserve the interests of the oppressed people of Breathitt county. By order of the Committee. This August 17th, '05. J. B. McLIN, Chairman B. C. R. C. KELLY KASH, Secretary.

## District Convention.

Pursuant to a call of the Chairman of the Republican Committee of this, the 34th Senatorial District of Kentucky, composed of the counties of Breathitt, Magoffin, Morgan, Owsley and Wolfe, the Republican Committee met at Cannel City, Ky., on 10th day of August, 1905, to select the time and place to hold a district convention for the purpose of nominating a Republican candidate for State Senator in said district, to be voted for at the regular November election, 1905.

On motion adopted W. L. May was elected Chairman, and Benjamin Sewell elected Secretary of said meeting.

On motion adopted, it was ordered that the district convention be held at Jackson, Ky., on Friday, September 1st, 1905, at 1 o'clock p. m. for the purpose of nominating a Republican candidate for State Senator, and that county mass conventions be held at the county seats of the various counties in the district, on Saturday, August 26th, 1905, at one o'clock p. m., to select delegates to attend said district convention at Jackson Ky., September 1st, 1905.

On motion adopted meeting adjourned sine die.

W. L. MAY, Chairman. BENJAMIN SEWELL, Secretary.

Some pianos, like some good people, will stand a few meetings, but do not wear well. There are others which will become true and tried friends. Such an instrument is the

## Valley Gem PIANO

It pleases, it entertains, it helps, it instructs, it says in the most beautiful way what we feel and what moves our hearts. It is a true and tried friend in thousands of homes. It will not cost you anything to learn how little it costs to buy a piano and how easy we make the payments.

## FOR REPRESENTATIVE.

I am a candidate for Representative of the counties of Breathitt, Magoffin and Lee, subject to the Democratic convention, or what action they may take. I am a Democrat of the old school, served four years in the Confederate army, have voted the straight Democratic ticket for 47 years, stood by all the nominees of the party, so I feel at liberty and believe that I have the right to ask the party to send me to the Legislature, where I can continue to do the party good, as I have always been loyal to the party, also all of my relatives before me. So I hope the people will consider my right to call upon them and the one interest in which I pledge myself to look after. J. P. MUNCY.

## A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil causes and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by the Jackson Drug Co.

## A Judge and a Pistol.

A correspondent of Law Notes writes of the administration of justice in a certain insular possession of the United States when the island was under Spanish rule. Judge Z. had had a quarrel with an editor. The judge arranged with a hoodlum to insult the editor in order to provoke him to a breach of peace. A policeman to arrest the editor was a part of the "plot." The plot was carried out, but the editor kept his temper. The officer arrested him, none the less. He was haled before Judge Z., who found there was no case. The judge took from a drawer of his desk a revolver, silver plated and beautifully laid with gold and mother of pearl, showed it to the prisoner and informed him that the policeman had delivered the weapon to him as one taken from the person of the defendant and asked him what he had to say to the charge of carrying arms. The editor examined the weapon, put it in his pocket, admitted that he had had it in his possession, produced a permit from the Spanish authorities to carry arms and, with true Castilian politeness, bowed himself out and off with the judge's beautiful pistol.

## The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. Sold by M. S. Crain.

## First Use of "Mazine."

"Mazine," properly a storehouse (Arabian), has been annexed by literature, but it is interesting to assist at the birth of its now common literary use in that venerable periodical, the Gentleman's Magazine. In the introduction to its number (731) we read: "This consideration has induced several gentlemen to treasure up, as in a magazine, the most remarkable pieces on the subjects above mentioned."—London Times.

## Mean Thing.

"No," said Miss Passy. "I don't like the photos Kanter made for me. They make me look like a woman of forty." "Well," replied Miss Peppery, "you should have told him not to touch them up if you didn't want them to look so youthful."—Philadelphia Press.

## A Hard Cut.

Mr. Jawlack: Why are you not wearing your wedding ring? Mr. Jawlack: I wore it out doing housework!—Cleveland Leader.

## Take Kodol After Eating.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia gas on the stomach, weak heart, sour risings, bad breath and all stomach troubles. L. A. Soper, of Little Rock, Ky., says: "Kodol Dyspepsia Cure deserves all the commendation it can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course, she only takes it now when anything disagrees with her. We feel grateful for the benefit derived from its use and would not be without it." Sold by M. S. Crain.

## VENETIAN WOMEN.

They Have No Need to Bother Their Heads About Fashions.

The women of Venice are absolutely free from the rule which Dame Fashion exercises over their sisters elsewhere. They care nothing for modes. With them the length of the skirt remains always the same, neither short nor long, and they always wear plainly made dark dresses, black stockings and the heeled slippers of the east. Hats are unknown.

The universal outdoor wrap for all ages and all sizes is the black shawl, with a deep silk fringe. It is folded with a short point above and a long one below, and sometimes it envelops the figure from head to foot. It is never fastened at the throat, and when it slips off it is gathered up with one outstretched arm, which makes the spectator think of a big bird stretching its wing.

In their attire the women of Venice are independent, only wearing local clothing, but, with feminine inconsistency, they are thoroughly up to date in the matter of hairdressing, the style of their coiffures changing from time to time, according to the vogue of the moment in London and Paris.

## Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold and guaranteed by the Jackson Drug Co. at 5¢ a bottle.

## ORIGIN OF LLOYD'S.

Humble Beginning of Europe's Great Maritime Agency.

Two centuries ago a man who had a cargo to send to the Mediterranean contrived to get rid of some of the risk by inducing a friend to take an interest with him. It was necessary to write out a statement of contract to which the guarantors subscribed. This was the first underwriting. These two men happened to be frequenters of Lloyd's coffee house in London, which was a favorite place for the merchants of the town to gather to discuss business or to gossip.

Others immediately saw the advantage of the scheme which their colleagues had devised, and on the next voyage the risk was parceled out among a larger number of the patrons of the coffee house.

Out of this small beginning has grown the great European maritime agency, still bearing the name of the humble coffee house proprietor, and which not only writes risks on vessels, but rates them and publishes their arrivals at every port the world over, no matter how small or how remotely situated.—From "The Annals of the American Academy."

## ANTIQUITY OF SILK.

The Product Was Worth Its Weight in Gold For Centuries.

The Chinese empress Si-Ling-Chi, 2630 B. C., was supposed to be the first woman to dress herself in silken raiment, though silk was used in the arts nearly 1,000 years before her reign. She was placed among the Chinese dynasties under the title of "Sien-Chuan," which means "first promoter of the silk industry."

Silk was worth its weight in gold in many parts of the world for centuries. Its immense cost may be estimated by the fact that a silken garment is mentioned as one of the wanton prodigalities of the Emperor Heliogabalus, while a gown of the same material was regarded by Aurelian as his only treasure. Such was the importance of the silk industry in China that the people in the principal growing and manufacturing district took the name of "Serics," and their country "Serica," from the word "Se," which in the ancient writings means "silk." A curious thing about silk is this: The raw material is produced by the cheapest labor in the world, while the finished product is among the most costly of merchandise.

## Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys and was cured by Foley's Kidney Cure. Jackson Drug Co.

We sell and recommend this preparation." For sale by the Jackson Drug Co.

## May She Ever!

Figure it out on a rose leaf and write with the brew of a lily that nowhere under the great blue dome is there a creature half so pretty as a Kentucky woman. She's prettier than an evening star in the shadow of a summer sunset, more inspiring than a thousand songs and as bewitching as a fairy tangled in the vines of a wilderness of roses. She's our hope, our romance, our vine and fig tree—the light which enables us to see a million miles beyond the north star.—Springfield (Ky.) Sun.

## Cured Hay Fever and Summer Cold.

A. J. Nussbaum, Batesville, Ind., writes: "Last year I suffered three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." Jackson Drug Co.

## Shall We All Die of Thirst?

After telling of the gradual drying up of the great lakes and rivers all give the world in an article in Chambers' Journal, J. T. Whittier continues: "Everywhere in our own country, as in others, water springs are giving out and water beds drying up, slowly perhaps, but surely. The increase of population and the modern system of drainage have of course a great deal to answer for, but much of the drought is undoubtedly caused by the rapid destruction of timber on all sides, for trees not only attract rain clouds, but preserve the moisture of the soil. While it is impossible for many men to control the geological period through which we are passing and whose characteristics would be, according to some, the gradual disappearance of water, it may be inquired whether it would not be advisable to postpone the destruction of timber on all sides, for trees not only attract rain clouds, but preserve the moisture of the soil. ## Given Up to Die.

B. Spiegel, 1201 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me relief and after taking the second bottle I was entirely cured." Jackson Drug Co.

## He Knew Too Much.

A curious Malay legend says that in olden times the waters surrounding Singapore were so infested with crocodiles that it was impossible for the fishermen to pursue their daily task. A fish advised the rajah to let down into the water freshly peeled stems of the banana plant, and this being done, the fish imbedded their heads in the stems and were easily killed. The rajah considered a danger to the throne, and he was executed lest he grow up and become a conspirator.
